2016-2017 Bulletin

Please find below a chart listing the required courses for the CS major, as enumerated in the 2016-17 SEAS Bulletin. Please check for completion of the major. CSA will review that the student has met the requirements for the first and second year. Indicate with a check (✓) in the appropriate box:

- 1) the course has been completed and a passing grade is posted
- 2) the course is on the transcript, from a previous or the current term, but a passing grade has not yet been posted (IP, INC, CP, or missing grade)
- 3) the requirement was fulfilled by substitution or waived (please specify course and faculty who approved)
- 4) the course is missing from the student's program or was not successfully completed

Major Requirements:

Course	Requirement Completed	In Progress or Missing Grade	Substitution or Waiver (specify course & faculty who approved)	Requirement Missing
COMS W1004/1007: Intro CS or Honors				
ENGI E1006: Intro Comp Eng/App Sci				
COMS W3134/3137: Data Structures				
COMS W3203: Discrete Math				
COMS W3157: Adv Programming				
CSEE W3827: Fund Computer Systems				
COMS W3261: Comp Sci Theory				
COMS W3251: Linear Algebra				
SIEO W3600 or SIEO W4150: Prob & Stats				

Track: _____

Courses (please list) Ex: COMS 4701	Course Completed	Course IP, Need Grade

Courses (please list)	Course Completed	Course IP, Need Grade

General Technical Electives:

Courses (please list)	Course Completed	Course IP, Need Grade

Courses (please list)	Course Completed	Course IP, Need Grade

Please select one:

 YES, the student has satisfied the requirements for the major (after grades are posted).

 The student cannot graduate without taking additional classes.
